**Beginning Nature Photography**

**When**
Saturday 7th & Sunday 8th March
10am to 4pm

**Where**
Woods Mill, Henfield

**Cost**
£110

The aim on all these courses is for the student to take control of their camera and fully master the technical and artistic aspects of photography as well as fully understanding and adopting a sympathetic approach to wildlife.

Day 1: Camera basics, manual control, manual metering, aperture priority and depth of field control.
Day 2: Advanced metering, composition, making a good shot better, fieldwork: supports and putting it all together.

A combination of work in the classroom as well as out on the reserve at Woods Mill.

David Plummer is a Sussex based freelance wildlife photographer. He writes many illustrated magazine articles for both the wildlife and photographic press. He also contributes to many books and publications and gives many lectures.

He shoots for both publication and stock and is represented by Papilio photographic agency.

As well teaching nature photography courses for Sussex Wildlife Trust and WWT he offers many other specialist courses throughout the year. David also has a fascination with badgers and runs many courses and events on badger watching, biology and photography.

**Suitability and other info**
