The GATWICK GREENSPACE PARTNERSHIP was set up in 1994 to help manage the green spaces in our area for people and wildlife.

Young or old, taking part in conservation tasks is a great way to enjoy the outdoors, meet new people, and make a really valuable contribution to conserving the natural environment where you live.

We are always keen to work at new sites and talk to new people, so if you want to know how you can get involved in our work or simply want to tell us what you are doing to help the wildlife in your area, we would love to hear from you - our contact details are on the back cover.

The GATWICK GREENSPACE PARTNERSHIP is a partnership of local authorities, Gatwick Airport, Sussex Wildlife Trust and other charitable organisations.
