Suggestions for follow up work

- Compare this natural stretch of coastline with an area that is built up. Look at Google maps of large coastal towns in Sussex e.g. Brighton, Eastbourne, Worthing.

- Examine the problems of coastal squeeze and the pressures placed on our coastline. Look on Wildlife Trust website – follow links to habitats/coasts.

- Look at the problem of coastal management in the face of climate change: a good site to look at is the RSPB Marine and Coastal Policies – ‘Coast in Crisis’.

- Visit the web to look at the effect that global warming will have on Cuckmere Haven and Environment Agency Plans for the future of this area. www.environment-agency.gov.uk

- Look at the Cuckmere Estuary Pathfinder Project on line.

- Opposition to the future Cuckmere estuary plans can be looked at on a website set up by a local group of protesters. rescue the Cuckmere valley.com.

- **Art** – look at shapes, texture and colours of pebbles. Create abstract designs based on pebbles.

- **Literacy**
  - Recount of visit.
  - Imaginative account of what it would be like living in one of the Coastguard Cottages knowing that you might lose your home to the sea in the near future.

- **Discussion**

  Should the area should be afforded more protection by the Environment Agency in order to safeguard coastguard cottages.
